## Early Intervention Family Support

helping lots of families like yours  
with various parts of family life...

# Early Intervention Family Support

## How we do it:

- 1 to 1 work with parents
- 1 to 1 work with children and young people
- Family sessions
- Children and young people's groups in schools
- Parenting programmes
- School drop-ins
- Signposting to other services that could help

Early intervention family support workers have a good understanding of child development, family life and parenting and can help in lots of ways:

- Give you a chance to be listened to
- Help with difficult behaviour and feelings
- Discuss different ways of parenting and introduce some new ideas
- Help find a way forward that's right for you
